

Policy: SASA Anti-Doping

Policy Statement

As a Canada Soccer National Youth Club License holder, the St Albert Soccer Association (SASA) adheres to Canada Soccer's anti-doping policy which has been created in conjunction with Canadian Centre for Ethics in Sport (CCES) and the Canadian Anti-Doping Program (CADP). SASA educates coaches, players, and parents about this anti-doping policy through staff/volunteer meetings, player/parent meetings and Association policy manuals

Guidelines

The Canadian Centre for Ethics in Sport (CCES) <https://cces.ca/> is the custodian of the Canadian Anti-Doping Program (CADP); the set of rules that govern anti-doping in Canada. The CADP consists of several components such as in-and out-of-competition testing, education, medical exemptions, and the consequences of doping violations. The CADP is compliant with the World Anti-Doping Code and all international standards. Canada Soccer has adopted the CCES and CADP which means that the Club is a part of a world-class anti-doping program that is designed to protect athletes' rights and ensure a level playing field. Canada Soccer's anti-doping policy reflects and supports the CADP.
