

Impact and NSU Club Partnership

We are excited to announce an exciting partnership between Northside United FC and St. Albert Impact FC. This partnership will benefit all players' needs within the player pathway for NSU and Impact athletes. We understand the necessity for both clubs to be viable at all levels.

What does this mean for existing players and teams?

- All teams associated with BOTH clubs will now have a deeper, more accessible pool of players to fulfill rosters as required.
- Cooperation between clubs to field competitive teams at all levels.
- PDP (AYSL) teams under the new Impact United banner will be comprised of players deemed most ready from both clubs to ensure all who participate are at the level required.
- Reserve teams for the AYSL will exist under the NSU and Impact banners and compete in the appropriate EMSA competition level to ensure further development occurs. Those players will have the opportunity to access the AYSL if deemed ready.
- Player movement into the AYSL PDP team will be fluid to ensure development for all participants

When does this begin? Starting Indoor 2021 – Player placements begin Sept 13, 2021
